BELLSOUTH TELECOMMUNICATIONS, INC.'S TARIFF TO OFFER CONTRACT SERVICE ARRANGEMENT (TN 99-7552-00) FOR PRIMARY RATE ISDN SERVICE	) ) )	DOCKET NO. 00-00051

## ORDER GRANTING APPROVAL OF BELLSOUTH CONTRACT SERVICE ARRANGEMENT (TN 99-7552-00)

This matter came before the Tennessee Regulatory Authority ("Authority") at a regularly scheduled Authority Conference on February 15, 2000 on the tariff filing of BellSouth Telecommunications, Inc. ("BellSouth") for approval to offer Contract Service Arrangement No. TN 99-7552-00 ("CSA"). BellSouth filed Tariff No. 00-00051 on January 24, 2000, with a proposed effective date of February 22, 2000.

Based upon careful consideration of the tariff filing and the attachments thereto, a majority<sup>1</sup> of the Authority finds and concludes the following:

Directors Greer and Kyle have consistently voted to approve this specific service type of CSA. Director Greer has voted to approve such CSAs because they benefit consumers and comply with BellSouth's tariffs. Director Kyle has stated on the record that the CSAs she votes to approve are a benefit to the consumer who is receiving lower rates and are not harmful to competition. Chairman Malone voted to deny this CSA consistent with both his reasoning and his votes against approval of similar specific service CSAs. Chairman Malone has opined in other dockets that approval of such CSAs without a thorough review and analysis may substantially impede the development of a competitive environment because there is not sufficient information available to determine whether the CSAs may be discriminatory, anticompetitive or in violation of state and/or federal law. Chairman Malone remains of the opinion that termination provisions containing ninety percent (90%) or one-hundred percent (100%) buyout clauses are so potentially anticompetitive as to warrant denial.

- 1. The purpose of this CSA is to provide Primary Rate Integrated Services Digital Network ("ISDN") Service at an overall rate comparable to competitive alternatives to the customer identified in the filing. Primary Rate ISDN Service supports the simultaneous transmission of voice, data, and packet services on the same exchange access line.
- 2. The term of this CSA is thirty-six (36) months with a thirteen (13) month renewal option. To renew the CSA, the customer must notify BellSouth within thirty (30) days of the expiration of the thirty-six (36) month term.
- 3. Through this CSA, BellSouth is offering the customer a waiver of non-recurring charges and a discount of fifteen percent (15%) off the monthly recurring tariff rates for Primary Rate ISDN Service.
- 4. If the customer disconnects the service prior to the expiration of the term of the CSA, the termination provisions require that the customer pay BellSouth an amount equal to the repayment of the non-recurring charges and contract preparation fees of \$383.00. If the customer cancels the CSA prior to the expiration of the contract term, the termination provisions require that the customer pay BellSouth the remaining monthly recurring contract payments for Primary Rate ISDN Service.
- 5. BellSouth provided an addendum executed by the customer stating that the customer was aware of competitive alternatives available to it in Tennessee and that the customer and BellSouth have agreed on the termination provisions, that the termination charges represent a reasonable estimate of BellSouth's damages in the event of termination, and to the renewal option.
  - 6. No parties sought to intervene in this docket.

Based upon the foregoing, a majority of the Directors of the Authority determined that the CSA in this docket should be granted.

## IT IS THEREFORE ORDERED THAT:

BellSouth Telecommunications, Inc.'s Tariff No. 00-00051, which seeks approval of Contract Service Arrangement No. TN 99-7552-00, is hereby granted.

Melvin J. Malone, Chairman
